

# Liferay Upgrade Analysis Program

## TRANSITION SMOOTHLY TO THE LATEST LIFERAY SOLUTION

The Liferay Upgrade Analysis Program is the best way to prepare for the next evolution of your platform. Our Global Services team has worked with a variety of hardware and software configurations

and has the expertise to create a defined plan that identifies an upgrade path, prescriptive timeline, risk mitigation strategy and enhanced solution options for your transition to Liferay Digital Experience Platform.

*Liferay provides full implementation services under a separate program. For additional details, please contact your account manager.*

What are the benefits?	How do we do it?	What will you get?
<ul style="list-style-type: none"> <li>Mitigate risk (Time/Tech/Project/Budget)</li> <li>Get defined solution enhancements</li> <li>Utilize all of Liferay’s features to address your business needs</li> </ul>	<ul style="list-style-type: none"> <li>Requirements review</li> <li>Risk analysis</li> <li>Defined plan/time/resources</li> <li>Solution roadmap</li> </ul>	<ul style="list-style-type: none"> <li>A detailed plan with solution options that weigh risk, critical path, and timeline</li> <li>Holistic view of how the upgrade will work with your configuration</li> </ul>

## MAKING THE CONNECTION BETWEEN GREAT FUNCTIONALITY AND EXCEPTIONAL EXPERIENCES

Liferay DXP is designed to deliver competitive advantages by creating exceptional experiences for your customers. Our consultants can educate you on holistically applying the functionality found in Liferay DXP for the best business results. Transition smoothly by identifying the impact the upgrade will have to your custom code, external system integration and user flow in moving from your current version of Liferay to the next. Ensure that your platform is a solid foundation for every digital experience your enterprise plans to create.

## IT COMES DOWN TO DOING THE BASICS BETTER

The Liferay Upgrade Analysis Program gives your project team an experienced Liferay consultant who works with you to review your set of requirements, conduct a deep dive risk analysis and define an approach, resource needs and timeline for your next digital experience project. All of these services are accomplished with a deep understanding of your new platform and an ability to think creatively about how to leverage out-of-the-box functionality and reduce your project costs to upgrade.
