Liferay

Digital Experience Platform

Are These Your Business Challenges?

Delivering Self-Service Experiences

Integrating Siloed Technology Platforms

Driving Employee Engagement

Increasing Online B2B Revenue

Build the solutions to solve these challenges all on one platform: Liferay Digital Experience Platform (DXP).

Liferay's software helps enterprises quickly deliver tailored solutions such as digital workplaces, customer self-service portals, commerce sites, and websites. Built on a highly flexible architecture with portal, CMS, and collaboration capabilities, Liferay DXP is designed to work within your existing business processes and technologies to create custom solutions that provide better experiences for customers, employees, and partners, all on one platform.

Learn More

Liferay continues to be a Leader in Gartner's Magic Quadrant for Digital Experience Platforms (DXP). Download the report at liferay.com/gartner. Learn more about the platform at liferay.com/products/dxp.

One Platform. Endless Solutions.

Whether you're looking to build one solution or multiple, Liferay can help you deliver self-service experiences, drive employee engagement, integrate multiple technologies, or increase online B2B revenue all on one platform.

Companies like Airbus, Coach, and Hewlett Packard Enterprise use Liferay DXP to build:
