Liferay University Passport

For Enterprise Customers

How it Works

The Liferay University Passport is *free* for Liferay DXP subscribers. Running concurrent with an enterprise subscription, Passport users have access to Liferay University for as long as their subscription is valid.

Unlimited Users, Unlimited Access

As an enterprise subscriber, you get an unlimited number of passports for as many team members as you have. Liferay University Passport users can take and re-take lessons and courses over and over again, ensuring they can always find and review what they need.

EQUIP YOUR ENTIRE TEAM

Liferay University has courses and lessons for every member of your team, from business users to content creators to developers.

SET THE PACE OF LEARNING

Lessons and courses are self-paced, so Liferay University Passport users can learn anytime, anywhere on their own schedule.

GET NEWLY-RELEASED COURSES

We're always updating our courses, and Liferay University Passport users get access to new content from the moment it's published.

Claim Your Passports

Contact your AE to get your whole team set up with subscriber-exclusive Liferay University Passports.

Featured Courses
